NATIONAL CLASSIFICATION OF OCCUPATIONS

DIVISION-4

CLERKS

Clerks record, organise, store, compute and retrieve information related to the work in question, and perform a number of clerical duties especially in connection with money-handling operations, travel arrangements, requests for information, and appointments. Most occupations in this division require skills at second skill level.

41 OFFICE CLERKS

Office clerks record, organise, store and retrieve information related to the work in question and compute financial, statistical, and other numerical data.

411 SECRETARIES AND KEYBOARD-OPERATING CLERKS

Secretaries and keyboard-operating clerks record oral or written information on paper or in machine-readable form, operate bookkeeping and calculating machines, edit and transcribe correspondence and documents to conform to office standards, and perform other secretarial duties.

4111 STENOGRAPHERS AND TYPISTS

Stenographers and typists record oral or written matter in shorthand and, using typewriters, produce documents on paper.

4111.10 Stenographers; Steno-typist

4111.20 Reporter
records in shorthand verbatim reports of meetings, conferences etc. and transcribes them into longhand using typewriter. Attends conferences, meetings or lectures or other proceedings and makes verbatim record in rapid shorthand. Transcribes shorthand notes into longhand by using typewriter. Checks transcribed matter with notes for accuracy and passes them to superiors. May attend law courts, legislative assemblies etc. to cover proceedings.

4111.30 Typist
types from manuscripts, reports, statements statistical tables, etc. using typewriter. Receives material for typing. Adjusts paper and carbon on typewriter. Places material to be typed by side of typewriter and types by operating key-board with fingers. Manipulates hand lever to change position of paper when line is typed. Removes typed papers. Compares typed matter with manuscript and makes corrections wherever necessary. Cuts stencils on typewriter for use in duplicating machine. Replaces ribbon of machine whenever necessary. Cleans and oils machine periodically. May take dictation in short or longhand. May type at oral dictation. May maintain record of work turned out. May maintain machine maintenance card.

4111.40 Braille Typist
operates braille typewriter to transcribe reading matter for use by the blind: Reads copy and operates braille typewriter to emboss specially treated paper with various combinations of dots that characterize braille alphabet, using braille code form.

4111.90 Stenographers and Typists, Other
include all other stenographers and typists not elsewhere classified.

4112 WORD-PROCESSOR AND RELATED OPERATORS

Word processor and related operators type, edit, and print various documents using word-processing equipment, or send and receive messages and facsimiles by means of a Teleprinter, telex or similar machines.
DIVISION-4

NATIONAL CLASSIFICATION OF OCCUPATIONS

4112.10 Teleprinter Operator; Teletype Operator transmits and receives telegraphic messages to and from outside station by operating teleprinter or teletype machine (electrically operated machine having typewriter key-board for transmission and type-printing for receiving). Adjusts roll of paper on machine for typing. Starts machine and connects places for receiving or transmitting messages. Receives messages, reports or news items to be transmitted and places them on holding device of machine. Types messages to be transmitted by operating key board of Teleprinter Machine with fingers. Observes machine typing automatically in-coming messages on paper to detect mistakes, if any, and to tear off paper when message is complete. Rectifies mistakes from transmitting and by getting confirmation. Tears off typed paper from machine, sorts them out and sends them for delivery. Maintains record of time of receipt of messages, break-downs, repairs and number of messages received etc. May clean and oil machine.

4112.20 Computer Operator operates computer and peripheral equipment to process business, scientific, engineering, or other data, according to operating instructions. Enters commands, using keyboard of computer terminal, and presses buttons and flips switches on computer and peripheral equipment, such as tape drive, printer, data communications equipment, and plotter, to integrate and operate equipment, following operating instructions and schedule. Loads peripheral equipment with selected materials, such as tapes and printer paper for operating runs, or oversees loading of peripheral equipment by peripheral equipment operators. Enters commands to clear computer system and start operation, using keyboard of computer terminal. Observes peripheral equipment and error messages displayed on monitor of terminal to detect faulty output or machine stoppage. Enters commands to correct error or stoppage and resume operations. Notifies supervisor of errors or equipment stoppage. Clears equipment at end of operating run and reviews schedule to determine next assignment. Records problems which occurred, such as down time, and actions taken. May answer telephone calls to assist computer users encountering problem. May assist workers in classifying, cataloguing, and maintaining tapes.

4112.90 Word –processor and Related Operators, other include all others who type, edit, and print various documents using word-processing equipment not elsewhere classified.

4113 DATA ENTRY OPERATORS

Data entry operators enter numerical and other data in to electronic equipment for processing and transmission, or enter data on cards and tapes, using punching machines.

4113.10 Key Punch Operator; Card Punching Machine Operator; Card Punch Operator operates mechanical or electrically operated punching machine to record data on cards by punching holes in different columns according to pre-determined pattern. Receives manuscripts containing statistical and accounting data. Inserts blank card in machine and rapidly depresses selected keys of machine to punch holes in card to represent required data contained in manuscript. Removes punched card from machine. Maintains and oils machine. Maintains record work completed. May operate verifying machine to verify punched cards. May operate sorting or tabulating machine.

**DIVISION-4\**

**NATIONAL CLASSIFICATION OF OCCUPATIONS**

4113.30 **Machine Supervisor, Data Processing; Machine Superintendent, Data Processing** supervises and co-ordinates day-to-day work of machine section, gives detailed instructions for different tabulation tasks and ensures proper functioning of machines by test checking. Receives bills, vouchers, premium notices receipts expenditure statement, statistical returns, etc. for tabulation done. Tests machines to ensure correct performance. Allocates work to different machine operators for punching, verifying, sorting and tabulating data. Supervises and co-ordinates work of operators. Maintains stock of cards and other items. Maintains production charts and machine registers to record break down and other details. Gets machines overhauled and repaired periodically. Examines bills for hire and repair of machines. May do partial checking of work of operators. May assist Tabulating Machine Operator in wiring panel board. May be designated as PUNCH ROOM SUPERVISOR if engaged in co-ordinating and supervising work of Key Punch Operators only.

4113.35 **Data Entry Operator** operates keyboard or other data entry device to enter data into computer or onto magnetic tape or disk for subsequent entry: Enters alphabetic, numeric, or symbolic data from source documents into computer, using data entry device, such as keyboard or optical scanner, and following format displayed on screen. Compares data entered with source documents, or re-enters data in verification format on screen to detect errors. Deletes incorrectly entered data, and re-enters correct data. May compile, sort, and verify accuracy of data to be entered. May keep record of work completed.

4113.40 **Sorting Machine Operator; Punch Card Sorting Machine Operator** operates power-driven sorting machine to sort punched cards into specified groups and sequences. Receives punched cards and instructions regarding sequences in which punched cards are to be sorted. Sets machine by setting sorting brush on required column to select cards in required sequence. Feeds punched cards in feed hopper of machine. Starts machine and watches operation to ensure that each card passes under sorting brush where cards of various sequences or groups are divided, and carried by conveyor system to collecting pockets. Removes jammed cards from machine. Checks by needle or visually whether cards have been sorted correctly. Collects sorted cards from different pockets and delivers them for tabulating. May clean machine. May operate punching, verifying or tabulating machines.

4113.50 **Coding Machine Operator** tends coding machine to print identification codes on material, such as wire, tape and plastic tubing. Installs specified type, code letters and symbols in machine mandrel, using tweezers. Moves controls to regulate pressure of stamping die and heating device on mandrel. Starts machine and inserts end of material between feed rollers of machine. Coils and ties printed material with code and stacks it on rack. May operate machine equipped with reel-feeding mechanism, electronic or mechanical counters, and automatic wire cutting and stripping devices.

4113.60 **Tabulating Machine Operator** sets up and operates electrical tabulating machine to compute and record in typed form results or arithmetical calculations of data represented by perforation on tabulation cards. Receives punched cards and instructions regarding type of information and manner of presentation of data required. Places punched cards in feed hopper of machine. Adjusts machine for necessary margin, column spacing, etc. Inserts prewired control panel and starts machine. Observes flow of punched cards through machine, and printing of data in proper spaces of printout roll. Removes jammed cards from machine. Replaces print-out rolls when exhausted. Removes and files punched cards after processing. Reports defective operation of machine. May operate punching, verifying and sorting machines.

4113.65 **Duplicating Machine Operator; Cyclostyle Machine Operator** sets and operates hand or electrically operated duplicating or cyclostyling machine for reproducing cyclostyled copies of type written or hand written matter. Fastens stencil to cylinder of duplicating machine by placing perforated top end of stencil into identically fixed nails on top of cylinder and
spreads stencil paper gently by hand over silk skin. Applies duplicating ink over rollers. Rotates cylinder for spreading ink uniformly over rollers and silk skin. Loads and adjusts duplicating paper at feeding end. Makes necessary adjustments and starts machine. Checks impressions on duplicate copies for clarity and uniformity. Makes necessary adjustments and starts machine. Checks impressions on duplicate copies for clarity and uniformity. Makes necessary adjustments when required. Reports defects in working of machine if necessary to superiors. May oil and clean machine. May maintain record of work turned out and number of copies taken. May keep stock of duplicating paper, ink paste, brushes etc and record of supply, repairs, servicing etc.

4113.70 Embossing Machine Operator (Clerical) operates power driven machine to emboss names, addresses and other details in metal plates. Receives subject matter to be embossed. Places metal plate in holder of machine. Sets desired character or letter in correct position and presses footpedal to lower dye and emboss character or letter on plate giving necessary spacing, etc. Collects embossed plates and stores them in racks in serial order. Supplies embossed plates to Addressing Machines Operator. May operate addressing machine and print addresses on envelopes, documents, etc. May oil and clean machine.

4113.80 Addressing Machine Operator operates electrically driven machine which automatically prints names, addresses etc on envelopes, documents, forms, etc. Loads magazine of machine with required number of embossed metal plates to effect printing. Adjusts levers to set speed of machine and number of copies required for each plate. Places stock of form, envelopes and other documents to be printed on table of machine. Starts machine to automatically release embossed plate to correct position for printing. Removes printed material from machine and stocks them separately. Ensures clear and accurate printing on documents, forms, etc. Ejects metal plate at delivery end into tray after printing. Changes ribbon of machine periodically to effect clear impressions. Stocks embossed plates in special racks. Oils and cleans machine. May operate embossing machine.

4113.90 Data Entry Operators, other include all other operators engaged in entry of data in to electronic equipment for processing and transmission, or enter data on cards and tapes, using punching machines not elsewhere classified.

4114 Computing Machine Operators

Computing machine operators operate bookkeeping and computing machines.

4114.10 Computor scrutinizes, processes and compiles statistical data received from different sources by using tabulating or calculating machines. Receives statistical data from field units, offices, individual reports and other sources and checks them for correctness. Calculates averages, totals, percentages, etc. manually or through electrically operated machines and prepares aggregate totals, or group percentages. Checks and ensures that data compiled is accurate. Cleans and maintains machines in working order. May answer correspondence relating to his subject. May refer errors or omissions to field units for correction.

4114.20 Calculating Machine Operator; accounting Machine Operator sets and operates manual or electrically operated accounting machine to do arithmetical calculations. Receives manuscripts or copies containing entries to be posted on ledger cards, lists to be prepared and totals to be given. Sets machine by manipulating lever to make adjustments for margin, column spacing, etc. Inserts paper or form into feed roll of machine and places carbon paper over it if more copies are required. Places ledger card over inserted paper or form with carbon paper by pushing card inside feed roll mechanism. Operates key board of machine by pressing keys of appropriate words and figures as per manuscript and ensures correct recording. Types column and group totals at end of page as recorded in machine. Checks entries and makes any needed corrections. Copies and posts data manually if machine is out of order. May operate machine to calculate square root. May oil and clean machine.

4114.30 Book Keeping Machine Operator operates book –keeping machine for calculating and recording business
transactions of institution. Receives data for calculation to be made. Inserts blank paper or accounting form into machine. Depresses keys of keyboard of machine to record data and to calculate and record net amount due, amount collected, total, etc. May perform general clerical duties. May count words to be telegraphed and determine value of postal stamp to be affixed on telegram forms if engaged in telegraph office.

4114.40 Bill Processing Clerk operates machines that automatically perform mathematical processes, such as addition, subtraction, multiplication, and division, to calculate and record billing, accounting, statistical, and other numerical data. Duties include operating special billing machines to prepare statements, bills, and invoices, and operating bookkeeping machines to copy and post data, make computations, and compile records of transactions. Balance and reconciles batch control totals with source documents or computer listings in order to locate errors, encode correct amounts, or prepare correction records. Computes monies due on personal and real property, inventories, redemption payments and other amounts, applying specialised knowledge of tax rates, formulas, interest rates, and other relevant information. Computes payroll and retirement amounts, applying knowledge of payroll deductions, actuarial tables, disability factors, and survivor allowances. Encodes and adds amounts of transaction documents, such as checks or money orders, using encoding machines. Enters into machines all information needed for bill generation. Observes operation of sorters to locate documents that machines cannot read, and manually record amounts of these documents. Sends completed bills to billing clerks for information verification. Transcribes data from office records, using specified forms, billing machines, and transcribing machines.

4114.90 Computing Machine Operators, other include all other operators who operate bookkeeping and computing machines not elsewhere classified.

4115 SECRETARIES

Secretaries use typewriters or word-processing equipments to check and transcribe correspondence and other documents, deal with incoming and outgoing mail, screen requests for meetings or appointments, record and screen leave and other staff entitlements, organise and supervise filling systems, and deal with routine correspondence on their initiative.
