1. **INTRODUCTION**

1.1 The Ministry of Labour has been financing, since 1981-82, voluntary organizations by way of grant-in-aid for taking up action oriented projects for the benefit of child labour and women labour.

1.2 The phenomenon of child labour is due to socio-economic compulsions. Government’s policy is, therefore, to prohibit child labour in hazardous employment and regulate their working conditions in other employment/occupations. The working children are deprived of the basic requirements for their development, such as, education, health-care, nutrition etc. The purpose underlying the Scheme is to identify child labour and to make available welfare inputs to them through voluntary organizations.

1.3 Economic independence of women is one of the basic factors which can ensure equal status for women. A clear cut and well defined policy relating to women’s employment was, for the first time, embodied in the Sixth Five Year Plan. This has been repeated in the Seventh Plan which emphasis income generating schemes for women to enable them to participate actively in socio-economic development.

To achieve the above objective, Government have also been laying stress on the involvement of voluntary organizations in the development process. The women’s cell in the Ministry of Labour, thus encourages voluntary agencies and non-governmental agencies to formulate income-generating schemes and other action projects for women labour and renders financial assistance to such agencies for executing these projects.

2. **SCOPE OF ASSISTANCE:**

2.1 The amount of assistance given by the Ministry of Labour for taking up action-oriented projects aimed at benefiting child labour and women labour will be restricted to 75% of the recurring cost of the project as per the approved budget.
The remaining 25% of the cost including the non-recurring cost, if any, will have to be borne by the organization concerned.

2.2 Duration of assistance will depend on each project and will be for a maximum of 5 years and will be generally restricted to the currency of the Five Year Plan. Sanction will, however be accorded for a maximum period of three years at a time. Releasing of grants for the project after a year will be subject to fulfillment of prescribed terms and conditions.

2.3 In the event of assistance being available from any other source including international organizations like ILO, UNICEF, etc. for taking up the action programme on a multi-aided approach, total assistance will not exceed the ceiling mentioned in Annexure-I.

3. **ELIGIBILITY:**

3.1 The organization should be:

A minimum annual expenditure on items of recurring nature of the order of Rs. 50,000/- approximately during the last 3 years would, interalia, be considered indicative in this respect.
