Part-V- Evaluation Criteria & Price Bid Issues

1. Evaluation Criteria: The broad guidelines for evaluation of Bids will be as follows:

- (i) Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the RFP, both technically and commercially.
- (ii) The technical Bids forwarded by the Bidders will be evaluated by the customer with reference to the technical characteristics as mentioned in the RFP. The compliance of Technical Bids would be determined on the basis of the parameters specified in the RFP. The Price Bids of only those Bidders will be opened whose Technical Bids would qualify the technical evaluation.
- (iii) The Lowest Bid will be decided upon the lowest price quoted by the particular Bidder as per the Price Format given at Para 2 below. All taxes and duties quoted by the Bidders will be considered. The ultimate cost to the customer would be the deciding factor for ranking of bids.
- (iv) The Bidders are required to spell out the rates of GST in unambiguous terms; otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of GST is intended as extra, over the quoted prices, the Bidder must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and no claim on account of such duties will be entreated after the opening of quotations. He should clearly indicate the rate of such duty and quantum of GST included in the price. Failure to do so may result in ignoring of such offer summarily. If a Bidder is exempted from payment of GST up to any value of service, they should clearly state that no service tax will be charged by them up to the limit of exemption which they may have. If any Concession is available in regard torte/quantum of service tax, it should be brought out clearly. Stipulation like, GST presently not applicable but the same will be charged if it becomes leviable later on, will not be accepted

unless in such cases it is clearly stated by a Bidder that GST will not be charged by him even if the same becomes applicable later on. In respect of the Bidders who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of GST which is nominally applicable on the item in question for the purpose of comparing their prices with other Bidders.

- (v) If there is a discrepancy between the unit price and the total price that is obtained by the multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.
- (vi) The price bid should contain the rate against each item separately. The rate for each item should be quoted on comprehensive basis including repair and replacement of spare parts without any extra payment.

2. Price Bid Format: The Price Bid Format is given at Annexure-II to this RFP and Bidders are required to fill this up correctly with full details on their letter head.

3. The bidders/firm can visit the Offices mentioned in Part-II of RFP before submitting their bids.
