D.O. No. S-27025/9/2015-CL

Dated: 16th June, 2016

Dear

Please refer to the D.O. letter of even No. dated 2nd July, 2015 and 11th September, 2015 regarding assessment of presence of child labour in district(s) through survey as per NCLP guidelines of this Ministry. However, no request for conduct of survey has been received for the district(s) which are not presently covered under NCLP (National Child Labour Project).

2. I would like to inform you that as per revised NCLP guidelines effective from 1st April, 2016, the **target group** under the scheme is *widened* to cover now **"all Child Workers below the age of 14 years in the identified target area"** instead of earlier "all children below 14 years of age working in occupations and processes listed in the schedule to the Child Labour (Prohibition and Regulation) Act, 1986; or occupations and processes which adversely affect their health and psyche."

In order to simplify the assessment of prevalence of child labour, the procedure for release of survey fund by the Ministry to Districts (not covered under NCLP so far) has been *simplified* which can be seen at Annexure-1 (point 1- 8) of revised NCLP guidelines (copy enclosed). Now, if District Administration observes high incidence of child labour in the district, then District Project Society under the chairpersonship of District Collector/District Magistrate may be formed and registered and, a request for release of survey fund of Rs. 4 Lakh may be sent to the Ministry with the recommendation of the State Government. Thus, under the revised guidelines, fund for survey can be requested by the districts where NCLP has not been sanctioned.

3. In view of above, I would like to seek your intervention to ensure that not only the request for survey fund for conducting survey on Child Labour is received from existing NCLP Districts but also new Districts (not already covered under NCLP) are considered for conduct of survey on prevalence on child labour.

Yours sincerely,

Encl. As above
