Notes:

1. Data is provisional as updation of employees records is a continuous process and gets updated in subsequent month/s.
2. This is age-band wise data of new members registered under EPFO where the first non-zero contribution received during particular month.
3. For each age-wise band, the estimates are net of the members newly enrolled, exited and rejoined during the month as per records of the EPFO.
4. The estimates may include temporary employees whose contributions may not be continuous for the entire year.
5. Members' data above are linked to unique Aadhaar Identity.
6. The year-wise summation does not mean that all the members are on roll at the end of the financial year.
7. EPFO manages social security funds of workers in the organised/semi organised sector in India

Next Date of Release: 20th September 2025

Net New Subscribers data:

Since April, 2018 EPFO has been releasing payroll data covering the period September 2017 onward. The data of exited members is based on the claims submitted by the individuals/establishments and the exit data uploaded by employers, whereas number of new subscribers is based on the Universal Account Number (UAN) generated in the system and have received non-zero subscription. The number of exited members in the above table includes the members who joined prior to September 2017 and exited during the period September 2017 onward.

In order to provide further details of payroll data from September 2017 onward, data regarding net new subscribers is also presented below. In this format, there is no change in Column (a) from the earlier format. In Column (b), exited members shown are out of column (a) who have joined on or after September 2017. Column (c) is the number of exited members earlier reported in column (b) who re-joined and re-subscribed.
