Setting up of an Employees' State Insurance (ESI) hospital is based on the Insurance Person (IP) population in a peripheral area. As per ESIC norms, IP population of 50000 for 100 bedded hospital is required within the catchment area of 25 kms. The present IP population in Darbhanga and Baghalpur is 10,000 and 18,961 respectively. Hence, both these locations do not qualify for an ESI hospital at present.
