The NCS portal is not only a job portal, it is a complete career development portal for the job seekers of the country. A new module for international jobs has been added to the NCS portal in April 2022. The module facilitates Recruiting Agents registered under Ministry of External Affairs (MEA) to post international job opportunities on the NCS portal and jobseekers on NCS portal can search and apply for these international job opportunities.

NCS portal is also integrated with 27 States and many private portals like Monster India, Naukari.com, Freshersworld, Merajob etc. This has led to the enrichment of NCS vacancy database and connected the jobseekers with their right jobs.

Online employability trainings are also offered over NCS portal on digital skills and Soft-Skills. The NCS portal also has a knowledge repository of 3600+ job roles for the use of jobseekers, Employment Officers and Career Counsellors for career guidance.
