Out of the 744 districts of the country, the ESI scheme is extended in 610 districts, which include 492 fully covered and 118 partially covered districts under the scheme.

At present, there are 160 ESI hospitals across the country, out of which 51 hospitals are run by ESI Corporation directly and 109 hospitals are run by State Governments under the ESI scheme. The state wise and location-wise list of ESI hospitals is placed at Annexure.

Apart from the ESI beneficiaries, other patients can also avail medical services from the underutilised hospitals of the ESIC on user charges basis.
