

Union Minister Dr. Mansukh Mandaviya to Attend Conference on Future of Jobs on 15th January in New Delhi

Posted On: 13 JAN 2025 7:12PM by PIB Delhi

Union Minister of Labour & Employment and Youth Affairs & Sports, Dr. Mansukh Mandaviya will attend one-day conference on the Future of Jobs on 15th January 2025 in New Delhi. The conference is organised by Ministry of Labour & Employment, Government of India, in collaboration with the Confederation of Indian Industry (CII). The theme of the conference is “Shaping Tomorrow's Workforce: Driving Growth in a Dynamic World”.

The objective of the Conference is to explore the impact of technological advancements like AI, automation, and digital tools on India's job market, highlighting the emerging sectors and job opportunities they create. It will discuss key policy initiatives and the critical role of investments in human capital to equip the workforce for future challenges.

Sectoral presentations will be a key highlight, showcasing emerging job trends in Construction, Manufacturing, Banking Financial Services & Insurance, Logistics, Hospitality & Tourism, Healthcare, Apparel & Textile, Automotive, and Electric Vehicles (EV). These presentations will reflect insights gathered from pre-conference roundtable discussions held with key industry leaders across these sectors.

The Conference aims to bring together thought leaders, representatives from government, policy makers, industry experts and multilateral agencies to discuss and deliberate on evolving trends and focus on a strategic approach for employment generation in crucial sectors and to curate policy recommendations, leading to future ready workforce in India.

Background:

The future of jobs globally is undergoing a profound transformation, driven by a confluence of investments, policy initiatives, technological advancements, and evolving market demands. As industries evolve and new sectors emerge, the workforce must adapt to an increasingly digital, automated, and globally interconnected world of work. This dynamic shift underscores the importance of targeted investments in human capital to prepare the country's workforce for the challenges and opportunities ahead.

India's path to a thriving future of jobs lies in leveraging its demographic dividend, fostering inclusivity, and embracing innovation. By prioritizing education, skills development, and strategic investments, the nation can build a workforce ready to meet the demands of a rapidly transforming world of work, ensuring sustainable growth and prosperity for generations to come.
