The MoU was signed in the presence of Union Minister of Labour & Employment and Youth Affairs & Sports, Dr. Mansukh Mandaviya and aims to enhance international & domestic employment opportunities for job seekers registered on NCS portal.

Union Minister Dr. Mansukh Mandaviya highlighted the NCS Portal's transformative role in bridging the gap between job seekers and employment opportunities, both within India and abroad. "The NCS Portal has become a crucial gateway, connecting millions of job seekers with employers at the national and international levels. With the addition of 3,000 to 4,000 job postings daily, this MoU is expected to bring 1.25 lakhs international vacancies and over 10 lakhs domestic vacancies to NCS each year, significantly boosting employment prospects for Indian youth," he stated.

He further emphasized the NCS Portal's role as a robust employment-generation platform, connecting job seekers across diverse industries. "With over 40 lakh employers registered, the portal has facilitated the mobilization of more than 4.40 crore vacancies since its inception. At any given time, nearly 10 lakh job vacancies are available, ensuring a steady flow of opportunities for the youth," he added.

Expanding its global reach, Dr. Mandaviya highlighted the NCS Portal's integration with the e-Migrate platform, under which more than 500 active Recruitment Agencies (RAs) registered with the Ministry of External Affairs (MEA) have been onboarded. "This initiative has opened doors for Indian professionals to secure jobs with credible, verified employers abroad," he noted.

Calling the NCS Portal a vital resource for job seekers, Dr. Mandaviya urged the youth to register on the platform and take full advantage of the numerous career opportunities available. He mentioned that NCS portal is integrated with My Bharat, SIDH portal which is bridging the skill gap among the youth to make them more employable.
