

Networking of Labour Institutes of the BRICS Countries

Presentation to

First Meeting of the BRICS Employment
Working Group – Indian Presidency

July 27-28, 2016, Hyderabad, India

Networking of Labour Institutes of the BRICS Countries

Rationale

- Centrality of employment generation for sustaining and stimulating growth
- Strong need for BRICS countries to coordinate and cooperate in evolving appropriate policy response

Networking of Labour Institutes of the BRICS Countries

Rationale

- Twin challenges of technological and structural transformations make the co-operation imperative
- Developing robust evidence based policy architecture, a foundational pillar for enduring cooperation

Networking of Labour Institutes of the BRICS Countries

Rationale

- Co-operation can build competencies of the various stakeholders to respond to the challenges of transformation
- Coordinated dissemination of the knowledge, a platform for interaction with the larger community of nations

Networking of Labour Institutes of the BRICS Countries

Rationale

- This can be best achieved by establishing a network of lead labour research and training institutions of the BRICS countries

Networking of Labour Institutes of the BRICS Countries

Objectives

- **The network will have the following objectives:**
 - **Identify and prioritise urgent areas of common concerns**
 - **Undertake joint studies based on agreed methodologies with clear cut policy implications**
 - **Develop competence building programmes to train stakeholders**

Networking of Labour Institutes of the BRICS Countries

Objectives

- Develop customised modules for training in thrust areas
- Organise sustained exchange of research and training personnel and resources through conferences, workshops and exchange visits
- Bring out Working Papers, Policy Briefs and BRICS Employment Updates periodically

Networking of Labour Institutes of the BRICS Countries

Operationalisation

- The following steps are proposed for operationalising this network
 - One lead institution to be identified from each member country forming the core of the network
 - One of the selected institution to act as the nodal institution of the network coinciding with the Presidency of the BRICS

Networking of Labour Institutes of the BRICS Countries

Operationalisation

- Each institution to set up a BRICS Employment Policy Centre
- Brainstorming session of the nodal institutions along with stakeholders may be organised with a mandate for identifying research and training agenda for the subsequent year

Thank You
